

## Awe Star Missions Medicine Drive

*“Therefore, go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you. And surely, I am with you always, to the very end of the age.”*  
Matthew 28 19-20

One of the ways Awe Star Missions embraces the Great Commission is through mobilizing students, families, women, and medical professionals in domestic and international mission trips. Of the many missions, Awe Star focuses at least two relief trips a year specifically to use medicine as a bridge to the gospel among Refugees, Muslims, and other unreached people groups.

Like all nonprofits, financial support has been impacted by the ongoing pandemic. But together we can still provide great care and medicines to those in need. We would love for you and your church to partner with us!

Through this medicine drive, *together* we can take the gospel to people that literally have no access to care or treatment. It also gives you an opportunity to be a part of taking the gospel to some of the world's poorest and marginalized. *Let's be the church together meeting physical and spiritual needs! We are better together!*

Below is a list of items we are asking you to collect or ask others to collect:
