

Peggy Nunley

... a redeemed chick who loves Jesus a lot and wants His fame spread to every people, tribe, and nation!

God's call has taken Peggy to over 40 nations. In Africa, she assisted church-planting pastors in The Gambia, Senegal, Guinea-Bissau, and Nigeria. She has worked with the underground church in Egypt, Sudan, and Afghanistan; She has trekked among the world's most primitive unreached peoples of Uganda and the Amazon of Peru. She has counseled Syrian refugees in Lebanese and Jordanian IDP/Refugee camps and ministered to imprisoned women in Panama and diverse parts of Africa. Traveling both stateside and abroad, she challenges believers to be on mission with Christ by taking bold steps of obedience wherever God has placed them. Peggy's passion is to see the glory and fame of King Jesus restored among all nations, tribes, and peoples, and she believes the discipleship and mobilization of the local church is God's means to restore hope to the hopeless and fulfill the Great Commission.

Peggy has spoken in many venues, from convention centers, diverse churches, women retreats/conferences, youth conferences to street preaching, prisons, festivals, to refugee camps. She lives to proclaim the gospel of Christ no matter what the situation, whether hidden in the floorboard while being transported to underground churches in the Middle East or standing in front of 110,000 people in Eastern Europe. Peggy's story is powerful and unique. From ashes to beauty God has taken a life filled with domestic violence, foster care, sexual abuse, and the suicide of her Father to a life of passionate purpose, where she proclaims the healing power of the gospel to the world's most marginalized, broken, and forgotten.

In 2018 Peggy took the baton from the founder of Awe Star Missions and as President of the ministry, has continued the legacy of raising the next generation of missionaries. Through Awe Star Peggy leads disciple making movements with high school and college students, equips women in discipleship, mentorship, and mission and leads strategic medical missions in hard-to-reach areas of the world among unreached and refugee groups.

Peggy and her husband, Joel are the parents of four beautiful young children, three biological and one adopted. While stateside, her family lives in Tulsa Oklahoma, where her husband is a practicing Emergency Room Physician.

Peggy longs to see a generation of students and professionals mobilized to every corner of the earth. She believes it's her personal responsibility is to fulfill the Great Commission by going and mobilizing a generation into Jesus Ministry, for the fulfillment of ushering in the return of Christ.
